The Companies Announcement Office  
Australian Securities Exchange  
Level 10 Exchange Centre  
20 Bond Street  
SYDNEY NSW 2000

Dear Sirs,

### **NIWEST NICKEL LATERITE PROJECT APPOINTMENT OF PROJECT MANAGER**

The Company is pleased to advise the appointment of Mr Mick Ryan as Project Manager for the NiWest Nickel Laterite Project. The NiWest project will involve heap leaching of high grade nickel laterite ores in the Murrin Murrin region, with a Pre Feasibility Study due for completion by end March 2007.

Mr Ryan brings to the Niwest Project over 20 years experience in development of Heap Leach projects as well as Nickel Laterite projects. His relevant experience includes:

- Telfer Heap Leach project development and operation
- Red Dome Copper Gold Heap Leach project development and operation
- General Manager Metallurgy for Anaconda Nickel during the development of the Murrin Murrin Project.
- Project Manager for the Syerston Nickel Cobalt Laterite project in NSW.
- Project Manager for Intec's hydrometallurgical process development at Hellyer in Tasmania.

The appointment of Mr Ryan coincides with the preparation of a major drilling program aimed at further up grading the NiWest resource base, proving water supply and, expansion of the resources being tested for heap leach potential to include the Eucalyptus area and Murrin North area. His appointment reflects the Board's confidence that the NiWest project represents a potential world class nickel development.

Yours sincerely,

Jamie Sullivan  
Managing Director
